

Beginning System Administration DeCal

Week 11 - Overview

November 24, 2008

Personal Servers

You and a group of friends want a webserver to serve a forum, personal websites, email, and music streaming.

- 1 Who are your clients?
- 2 What are your resources?
- 3 What are your requirements?
- 4 What do you do?

OCF

The OCF provides web, file, email, shell, and client access to Berkeley affiliated persons.

- 1 Who are our clients?
- 2 What are our resources?
- 3 What are your requirements?
- 4 What do you do?

RSSP-IT

RSSP-IT serves all Residential and Student related departments. We manage sites such as Cal Catering, Cal Club, Cal Rentals, as well as Rescomp and the dorm network. We also server our internal department IT needs.

- 1 Who are our clients?
- 2 What are our resources?
- 3 What are your requirements?
- 4 What do you do?
